

Learn with your child session Maths

On Tuesday 26th November, Mrs Behan hosted a 'Learn with your child session' with a focus on Maths for Early Years and Key Stage 1. Mrs Behan shared our how we teach early Maths in school, and how important it is that our children know and remember number facts from an early age. Parents and their children played games that encouraged counting forwards and backwards, adding small numbers quickly and recognising small amounts without counting (called subitising).

Our next workshop is for KS2 parents and children on Tuesday 3rd December at 9am.
Book your place with your child's teacher.

Our Maths leads are Mrs Behan and Miss Taylor

How can I help at home?

Play Numbots

At Red Lane, we pay for pupils access to Numbots at home. Numbots helps children to practise addition and subtraction and goes at their pace. Use your child's Purple Mash log in to access at <https://play.numbots.com/#/account/school-login/22516>

Play board games

Board games and dot-to-dots are brilliant for practising number recognition and counting on and back.

White Rose videos

Please access White Rose Home Learning page for age and topic specific videos.

<https://whiteroseeducation.com/parent-pupil-resources/maths/home-learning>

White Rose packs

Please let us know if you would additional practice packs to do at home. We can print them for you!
